

Carumba (3-20391)

Description du produit

(Description anglaise) Written in response to the remarkable success we continue to have with our other body percussion editions, this new theme incorporates hand clapping, thigh/tummy patting, and foot tapping in imitative, syncopated Latin rhythms. Dynamic contrasts and accents add extra flavor, and two copies of each part are included so larger groups of 6, 9 or 12 members can be featured. Body Percussion (Grade: 2+)
